

EARTHQUAKES

WHAT WE NEED TO DO AS PARENTS TO PREPARE

SETTING THE SCENE

Most New Zealanders alive today will still be alive when the Alpine Fault rips in a magnitude 8 earthquake

WHAT'S THE PLAN STAN?

What's the Plan, Stan? is a resource to support schools, teachers, students, and parents to develop the knowledge and skills to prepare for emergency events.

TYPES OF EMERGENCIES

Floods, storms, earthquakes, tsunamis, volcanic eruptions, and landslides can be frightening because they strike at any time and often without warning. Explore the types of emergencies below and learn better ways to prepare.

HAPPENS
